Adventures with Archives 2020 Hidden Treasures Live Cinema Gig

Love Music? Love Film? Try something new with an informal evening of vintage film, new music and live performance. Join us in our exploration of the weird and wonderful world of archive film, through clips unearthed and repurposed by musicians, poets and filmmakers.

With the support of the BFI and Film Hub Midlands we are delighted to return with another season of *Adventures with Archives*, bringing together archive film screenings with live performance and newly composed soundtracks. If you are a musician, poet, film fan, filmmaker, or venue, and want to get involved please contact: info@mediaactive.org
